If a Jew would enter an Arab village (by accident or on purpose) he is taking his life into his hands and stands to be lynched at any time. Not only that, there are signs at the entrance to 'Palestinian' villages saying that it is actually ILLEGAL for Jews to enter. Not only is it illegal ,it is 'dangerous to your lives.'...</p> <p>...Jews cannot and do not work in the so-called 'territories.' Jews do not drive Arab buses. Jews do not serve on any Arab city or municipal council. Jews are HIGHLY restricted from ascending the Temple Mount (the HOLIEST site in Judaism). Jews are not permitted to build homes where and when they wish. We can't be treated in their hospitals.</p> <p>Bottom line: Jews are barred from nearly all strata of Arab society, while Arabs have entrè to nearly every strata of Israeli/Jewish society. Arabs continually incite to violence in their schools. Imams preach hate on a daily and weekly basis from the mosques. Jews are vilified by Arabs in so many Arab sectors.</p> <p>So, my dear United Nations, I ask you...how exactly do you see Apartheid in Israel? Because from where I am sitting, it is the JEWS who bear the brunt of that Apartheid character you so assail."</p>	RAV ZEV SHANDALOV	UN
