<i>Los Angeles Times</i>	U.S. declaration of Jerusalem as Israel's capital has sparked worldwide anger. But there's been plenty of precedent Right-wing Israeli legislators spent Tuesday congratulating themselves over the law's passage, but like their American counterparts 23 years ago, they carefully wrote a dodge into the law. As explained by Jerusalem Post analyst Lahav Harkov, the bill creates a loophole that would still allow for future Palestinian control of parts of the city. - The Israel Foreign Media Survey scours the internet (Sunday thru Thursday) for pertinent news articles and editorials affecting Israel appearing in the world's major newspapers and websites for the particular day(s) stated.
- The survey attempts to present only original source articles, occasionally resorting to reprints in special cases.
 - Stories by wire agencies and major newspapers (ex: AP, Reuters, NY Times etc.) often are licensed or sold to smaller market media agencies, and appear in the survey in their original with other publications in parentheses.
